

Get ready to register 2017 foals

by Jessica Schroeder, USTA Outreach & Membership Enrichment Coordinator

Columbus, OH --- As the 2017 foaling season kicks into high gear, the USTA would like to remind breeders about the ease of doing online live foal/no foal reporting and foal registration. As we venture closer to a paperless office, we also remind breeders that pre-populated foal applications will no longer be mailed out to mare owners.

Live foal/no foal reporting and foal registrations can now be completed online, 24 hours a day, seven days a week on your time. It has never been easier to conduct business with the USTA. Don't forget that registering your foal before four months of age also gets you the best pricing available.

To utilize the paperless registration process, log in or sign up for a USTA Online Services account at MyAccount.ustrotting.com and select Broodmare Activity in the "My Horses" section. All mares owned by you or a stable you are associated with will be listed by breeding year. Then click either the "Live Foal" or "No Foal" link to begin. No markings need to be imputed and you can leave the foal unnamed, with paperless registrations until a name is chosen.

You can access the foal registration application to mail in by clicking [here](#).

Any questions about online foal registration and live foal/no foal reporting should be directed to Member Services at 877.800.8782 or memberservices@ustrotting.com.

An on line instructional video is also available at this link. <https://youtu.be/C4TgBVVavzI>
