

New information and products packages available in Pathway

from the United States Trotting Association

Columbus, OH --- Pathway, the USTA's online database, now provides an enhanced Dam Breeding Report, plus the addition of honors information for all horses. And USTA members now have a great opportunity to save on Pathway reports by purchasing any of several discount packages.

In the Dam Breeding Report, information on the most recent owner of a dam's foals has been added, allowing customers to quickly see a list of owners of those foals.

Additionally, Pathway now contains honors information. Honors winners are indicated by a trophy icon next to the header information on any horse report. Honors information includes world champion titles as well as Dan Patch, O'Brien and Nova awards. To see a list of a horse's specific honors, users click on the trophy icon and a new page will open with a list of that horse's awards.

For complete information on these two new additions to Pathway, including samples, click [here](#).

For those doing pedigree or production research, the USTA is currently offering great savings in Pathway through three packages of reports. For complete details on all these bundles, including a list of reports included in each, please check out the information at this [link](#).

For any questions regarding Pathway, feel free to e-mail pathway@ustrotting.com or call the USTA at 877.800.8782, ext. 4, Monday-Friday, 8 a.m. to 4:30 p.m. (EDT).
