

Jason Bartlett honored by Yonkers horsemen for achieving 6,000 win plateau from the SOA of NY

Yonkers, NY --- On Sunday (Nov. 15), the Standardbred Owners Association of New York honored Maine native Jason Bartlett for notching his 6,000th lifetime win on Oct. 29 at Yonkers Raceway.

With more than \$70 million in career purse earnings and a quartet of Hilltop Oval driving titles under his belt, the 34-year-old continues to dominate the 2015 Yonkers drivers standings, winning with roughly one out of every five mounts.

The 2009 and 2013 United States representative to the World Driving Championship, Bartlett has been privileged to sit behind some of the classiest horses of the last decade, including the venerable Foiled Again, hard hitting Anndrovette and millionaire mare Krispy Apple.

The SOA is proud that Jason calls New York home and has chosen to compete as a member of North America's deepest drivers' colony. With youth and talent on his side, there is no limit to what Jason can accomplish as his career develops.
